### Update From Iwig Family Dairy

May 14, 2010

We realize that our economic situation is not ideal. This has not diminished the quality of our products nor has it reduced the care that is given to our livestock. As generations before, we still believe that God asks for our best in all that we do and we trust in his leading through each day. As long as we are producing milk it will be the best that is available. You can count on that.

We need the continued support of our great customers buying our milk at the farm, at grocery stores in town, and don't forget the Topeka Farmers Market. Please keep buying and returning the bottles and for those of you who can, please consider becoming a shareholder in Iwig Family Dairy. If you have any questions about purchasing shares, we welcome your phone calls and emails. We will attempt to answer any questions you may have.

On the lighter side: June is dairy month. We are working on a couple of promotional deals. One of these is a punch-card program. We are still working out the details, but will let you know when we are ready to enact this program.

Remember, we are at the Topeka farmers market every Saturday. We understand that this is not convenient for everyone, but we want to remind you that the farmers market and the farm store are the most economical places to buy our milk. Plus, coming to the farm store gives you access to our ice cream, butter, cream, and ground beef, as well as our milk. Now we are offering our sweet cream buttermilk at the farm also. Not to mention that you may be able to visit with one of our family members at the farm and at the farmers market.

We have been scheduling educational farm tours for groups. If you want more information on this, please call and ask for Laurel. She will be glad to answer your questions and schedule a date for your tour.

Please tell everyone you know about our milk and help us sell shares in our dairy if you can. The future of Iwig Family Dairy actually depends on our customers and our community. A very special "Thank You" to all of our loyal supporters.

Tim, Laurel, Family, and Crew.
